The **Colorado River** is famous for carving canyons. It sculpts canyons such as BYERS CANYON at Hot Sulphur Springs, the GORE CANYONS below Kremmling, GLENWOOD CANYON in Glenwood Springs, WESTWATER CANYON on the Colorado-Utah border, and CATARACT CANYON above Lake Powell and the GRAND CANYON in Arizona. Our trips on the **Colorado River** raft through the LOWER GORE and RED GORGE CANYONS, just southwest of the town of Kremmling.
